Aggrieved women facing any kind of violence due to attempted sexual harassment, sexual assault, domestic violence, trafficking, honour related crimes, acid attacks or witch-hunting who have reached out or been referred to the OSC will be provided with specialized services.

1.2 Under this Scheme, in the first phase, one OSC envisaged to be established in each State/UT to facilitate access to an integrated range of services including medical, legal, and psychological support. Further, 150 additional Centres are taken up in second phase during 2016-17 in addition to 36 Centres in the first phase. Now, 50 additional One Stop Centres each shall be established during the years 2017-18, 2018-19 and 2019-2020.

1.3 The OSCs will be integrated with 181 and other existing helplines. Women affected by violence and in need of redressal services could be referred to OSC through these helplines¹.

2. PURPOSE OF THE IMPLEMENTATION GUIDELINES

2.1 These guidelines have been developed to support stakeholders/agencies who would be involved in implementing the Scheme, as well as State, district and grassroot level functionaries. They are intended to serve as a reference manual for officials at the National and State/Union Territory (UT) levels for policy guidance and monitoring. The guidelines list the services to be provided under the Scheme, steps and processes/procedures for implementation. The guidelines also highlight the roles and responsibilities of various line departments. It provides indicative monitoring and reporting formats to be used at different levels. The guidelines are not exhaustive and the feedback received from States/UTs from time to time will be incorporated as per requirements.

¹ Presently Ministry of Home Affairs is in the process of developing an Emergency Response System which will work as a single emergency number for the purposes of ensuring women's safety and this will be eventually integrated with OSC.

3. OBJECTIVES

The objectives of the Scheme are:

- (i) To provide integrated support and assistance to women affected by violence, both in private and public spaces under one roof.

11.2 The States/UTs may request NIPCCD to provide induction training to all the personnel involved in the functioning of OSC in the respective State/UTs. Towards fulfilling this objective, the State will coordinate with its various departments so that people providing services at OSC and those belonging to various departments can be sensitized and trained in handling the issues related to violence against women.

**STANDARD OPERATING PROCEDURE FOR DAY TO DAY ADMINISTRATIONS
AND OPERATION OF THE ONE STOP CENTRE**

Steps for Initial Handholding of women coming to One Stop Centre:

- a. Greet the survivor by name; use her preferred name.
- b. Make her your central focus.
- c. Introduce yourself to the survivor and tell her your role, e.g. Centre Administrator, Para-medic
- d. Offer her water, put her at ease.
- e. Ensure privacy for history taking, examination and counseling.
- f. Aim for an attitude of respect, professionalism within the boundaries of your survivor's culture.
- g. Have a calm demeanor. A frightened survivor will want to be in the company of people who are not frightened.
- h. Be unhurried, give time.
- i. Maintain eye contact. Be empathetic and non-judgmental as your survivor recounts her experiences.
- j. Aim to limit the number of care givers attending to the survivor: 'one-on-one' care works best in sexual assault cases.
- k. Ask the survivor if she wants to have a specific person present for support.
- l. Ask the survivor if she has any questions.

Case Specific Steps:

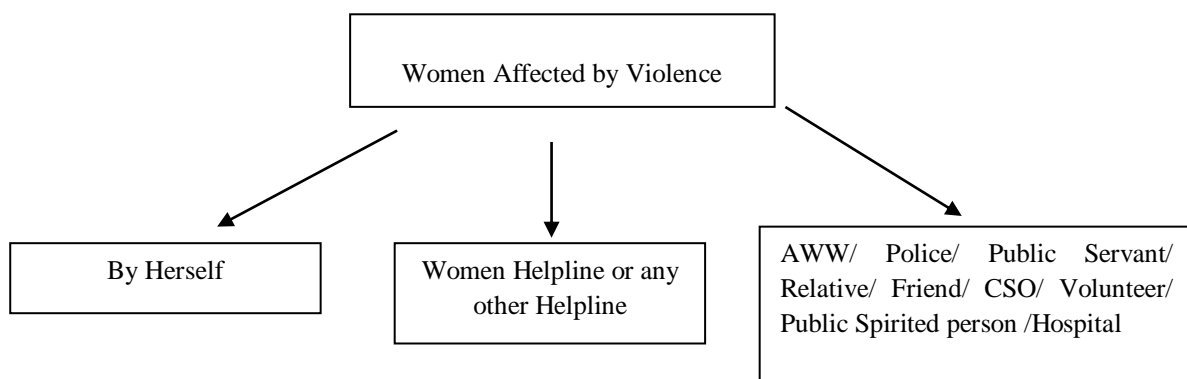

The first point of contact for women approaching One Stop Centre would be the Centre Administrator or Case Worker (authorized by her in this behalf) who will take following steps:

- a. She would listen to her grievance; document the case history and ask the IT person to register the case in the online/web-based case management to generate a UID. She would be responsible for overall supervision of each case.
- b. As soon as the complaint is registered a text message (SMS/Internet) would be sent to the PO/DPO/CDPO/ SHO/ DM/ SP/ DYSP/CMO of the district/area as required.
- c. Based on an assessment of the needs of the women affected by violence as expressed by her, the Centre Administrator will refer her to the Counsellor or the

Para legal worker, to the hospital, or to the Police Facilitation Person where she is desirous of registering an FIR.

- d. In case the woman was provided temporary shelter at Centre, she will be provided with a Basic Kit having soap, comb, shampoo, hair oil, sanitary pad, tooth brush, tooth paste, diapers (in case of infants).
- e. The next functionary interacting with the woman will document the additional information received, the remedy/support sought by the woman, and action taken into the online case management system. This would be done through the password-protected access and adding to the UID generated case documentation made by the IT person. For instance, if the aggrieved woman is referred to the Police Facilitation Officer for registration of FIR, she will do the needful and document the progress and any additional details in the case management system. This will ensure that the aggrieved does not have to repeat/narrate her story/incident each time she interacts with a new functionary.

A. Accessing One Stop Centre

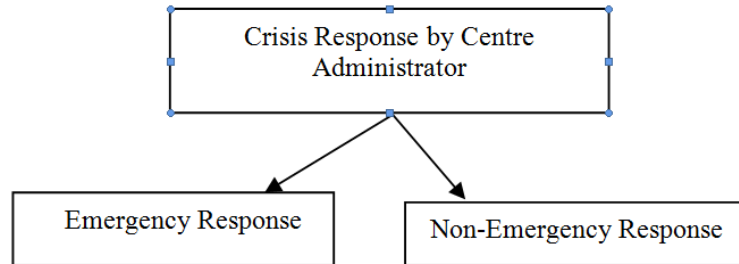

B. Response

 - iii. Ensuring privacy
 - iv. Obtaining informed consent from the aggrieved

- c. Ensure proper medical assistance for the aggrieved
- d. Ensure proper collection of evidence through strict compliance of protocols framed by police and Ministry of Health and Family Affairs.
- e. Best interest of the aggrieved women will have precedent over anything else.

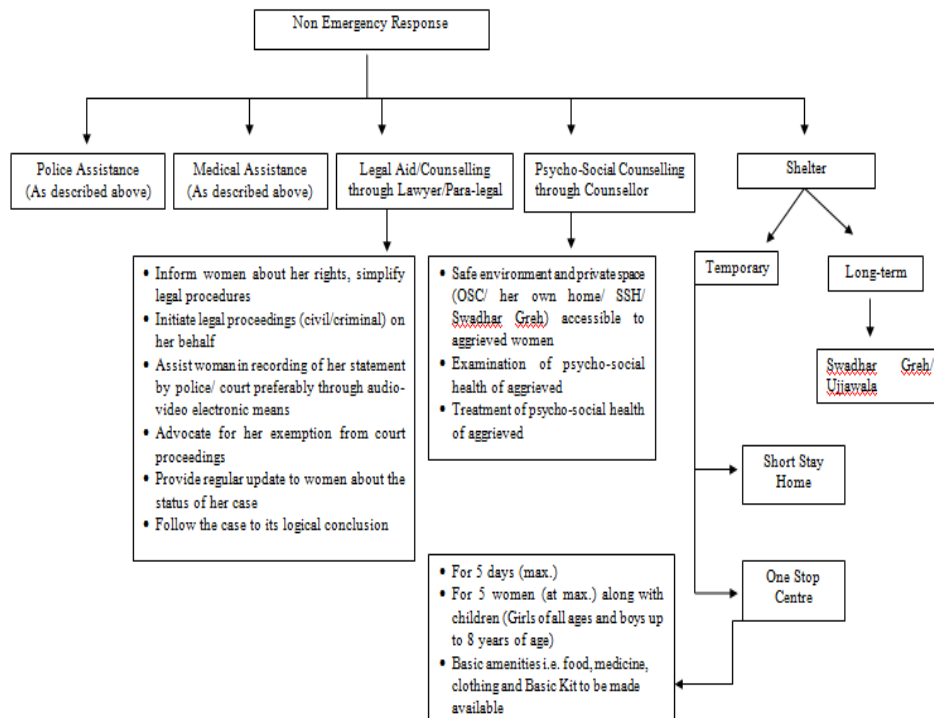

(i) Emergency Response
